

Congratulations to Attorneys Steven Roth and Christyan Telech on the Recent Success of a Corporate Refinancing Transaction

Steven P. Roth and Christyan A. Telech, attorneys with our Business and Finance Department, were recently successful in representing a corporate client through an 18 month long workout, restructuring and refinancing, which involved taking out multiple floorplan lines of credit and commercial real estate mortgage loans. Through persistent negotiations with national and regional commercial lenders, as well as captive lending companies in the automotive industry, Attorneys Roth and Telech were able to secure financing for their client that will allow the company to continue to grow under new ownership.

If your business is considering a refinancing transaction or you need assistance in negotiating terms with your commercial lenders, please contact Attorney Roth (sroth@rjglaw.com) or Attorney Telech (ctelech@rjglaw.com) to learn how our firm can guide you through these complex conversations.
