

On June 12, Northeast Sight Services will hold its 10th Annual Chip in for Sight Golf Tournament at the Wyoming Valley Country Club! Our own Michael Sowinski, a partner in our Litigation Department, is a member of the 10th Annual Chip in for Sight Golf Committee.

To celebrate the 10th anniversary of the tournament, Northeast Sight Services will be dropping up to 500 golf balls from the sky onto the driving range at Wyoming Valley Country Club and the ball closest or the one that lands in the hole will win \$2,500.00.

Balls can be purchased at the link below and are \$20 each or 6/\$100. The winner need not be a golfer or present that morning - so anyone can win while supporting the important programs and services offered by Northeast Sight Services.
