

Pennsylvania Home Improvement Contractors: Does your form of Home Improvement Contract satisfy the requirements of Pennsylvania's Home Improvement Consumer Protection Act (HICPA)? HICPA requires that Home Improvement Contracts include several mandatory provisions and also prohibits the use of certain language in Home Improvement Contracts.

The lawyers in our Business & Finance Department assist Home Improvement Contractors in modifying their Home Improvement Contracts to meet the requirements of HICPA. RJG has also prepared a form Home Improvement Contract that satisfies the HICPA requirements.
