

On August 11, 2021, [Paul T. Rushton](#), the Chair of our Business & Finance Department, presented a training webinar for the Wilkes University Small Business Development Center titled “Choice of Entity and Governance Agreement Considerations for Closely-Held Businesses”. Topics covered in the webinar included choice of entity issues and considerations for Governance Agreements by and among the co-owners of a closely-held business. Entrepreneurs participating in the webinar were also afforded the opportunity to ask questions about these subjects.

Attorneys in our Business & Finance Department frequently help closely-held business owners address these important issues. If you need assistance with these or any other issues affecting your business, contact Paul (prushton@rjglaw.com) or any other attorney in RJG’s Business & Finance Department at 570-826-5600.
