

For their Leadership Northeast class project, Rob Gawlas's group, Anything Is PAUssible, assisted in raising funds and collecting donations to enhance Parenting Autism United's 'PAU'sitively Unique Gift Shop. After a lot of hard work, the new-and-improved retail store had its grand opening this past Saturday!

The goal of this space is to help those with autism gain work experience and become more independent while learning customer service, money management, decision-making, and creative thinking skills.

Congratulations to Rob and Anything Is PAUssible!
